INTRODUCTION:

The Focused trading helps me to analyze the comparison of successful and unsuccessful trades. This mainly helps to identify mistakes and improve the decision-making.

GOOD TRADE EVALUATION:

BTCUSD was the good trade because the market supports more until my exit. I learnt the importance of analyzing market & avoiding fear of missing out decisions.

POOR TRADE EVALUATION:

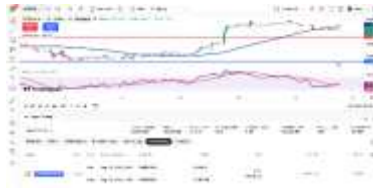

HYPEUSD was the poor trade because this trade not followed any of the trading plan and no strategy made in it. I will improve confirmation setup in future trade.

FOCUSED TRADING REPORT:

After reviewing my mistakes, I adopted a more in analysing the trend, confirming the entry, calculating acceptable risk rate factor

OVERALL REFLECTION:

In future, I will improve my entry and exit timing, technical Indicators & Strategy. I will use a written plan, risk only a fixed percentage of capital and maintain a complete trading journal.
